

## Duct system outside plant HDPE duct coupling dividable

### APPLICATION:

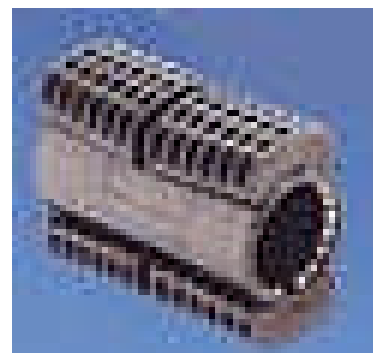

The HDPE duct coupling dividable is used to repair occupied HDPE protective ducts used in OSP networks.

### FEATURES:

- Easy installation
- Re-usable

### CONSTRUCTION:

The coupling consist two half pipes and four clamping rings, cut longitudinally.  
The set provides an airtight repair connection on an occupied duct pipe.

### HDPE duct couplings

Duct diameter	Straight	Packing	Ordering code
32 mm	32/32 mm	Each	<b>1014873</b>
40 mm	40/40 mm	Each	<b>1014865</b>
50 mm	50/50 mm	Each	<b>1014869</b>
